Dear Wilson,

On behalf of Films Media Group (a.k.a. Films for the Humanities & Sciences), I am writing to confirm our interest in distributing your 2016 version of **GLOBAL CITIES** on an exclusive basis to the educational market worldwide once it is completed.

Films Media Group is the largest distributor of documentaries to universities, high schools, public libraries, government agencies, non-profits, and the medical community in the US and Canada. We have been in business for 58 years distributing programming from many of the most talented producers worldwide. We represent content from the BBC, Bill Moyers' Public Affairs Television. Other renowned producers we work with include PBS, HBO, WNET, National Geographic, NBC NEWS, ABC News, NBC News, CBC., National Film Board of Canada, NHK, Open University, ZDF, France Television Distribution, ABC Australia, and hundreds of independent filmmakers like yourself.

We have had the honor to distribute your **GLOBAL CITIES** series to the educational market for many years. The new version is timely and much needed given the current immigration crises around the world. I wish you best of luck with the planning and production of this project. I look forward to reviewing the completed films in the near future. If you need any other information about our interest or marketing capabilities, please do not hesitate to call or email me.

Yours sincerely,

  
Kathy Tan  
Director of Program Acquisitions & Development  
Films Media Group
